## Decoration Day at Swamp College

The D. J. Roop Post is furthering a movement to have Decoration day services at the Swamp College Cemetery, five and a half miles southwest of this city, on the Saturday before Decoration Day, so that their comrades who lie buried there may not go unremembered.

The Post also asks the relatives of veterans residing there to call at their headquarters and get the markers that have been supplied to mark the graves of all civil war veterans. This date has been made on account of the Decoration day program arranged for this city. Rev. Bauders will conduct a short service at the Swamp College Cemetery at 1 p.m. The Post also asks that flowers be brought and graves decorated.

## A Man With Many Specialties

Henry Wappelhorst, of Coldwater, the well known tinware and stove dealer, was among the big contingent from his town at the Swamp College. Henry was over to inquire about a well contract being let in School District No. 1, east of this city. He makes a specialty of water well drilling, and that of roofing and spouting. He is a busy fellow and the work he does always adds to his reputation for doing things on the square. You make no mistake in going out your way to deal with him.

### Church Services

Rev. Bauders announces Church of God services as follows: 9:30 a.m., Sunday-school, 11 a.m., preaching at Pleasant View; 7:30 p.m., preaching at Carmel.

The services on Memorial Sunday, both morning and evening, will be held at the Fair-ground.

## Big Butter Contracts

Julius Thaman, who has been at Cleveland and Youngstown this week in the interest of the Celina Creamery Company, has landed a couple of big butter contracts that means much for the farmers of the county. At Cleveland Tuesday he sold one man nearly \$75,000 worth of butter to be delivered during the summer.

At Youngstown Mr. Thaman closed a contract for 4,000 pounds per week throughout the year, or about 200,000 pounds for the year, representing at least \$55,000 more.

Mr. Thaman found no trouble in landing contracts at his own price, and this will enable the local creamery to do more for the farmers who produce the kind of cream they want.

Jefferson as an Inventor.

Mr. Jefferson invented the copying press. He writes to Mr. Madison in 1787: "Having a great desire to have a portable copying machine and having studied over some experiments with the principle of large machines made to apply in the smaller one, I planned one in England and had it made. It answers perfectly. I have set a workman to making them, and they are of such demand that he has his hands full. I send you one. You must expect to make many essays before you succeed perfectly. A soft brush, like a shaving brush, is more successful than a sponge." He also sent a copying press to the Marquis de Lafayette as a present. He invented the revolving chair, now a familiar and necessary article of furniture in all offices and counting rooms. The Federalist newspapers used to call it "Mr. Jefferson's whirlingig" and declared that he had devised it "so as to look all ways at once."

# WOODBURY writes about His Famous HAIR TONIC

Extract from an article written by the Master Dermatologist when Woodbury's combination Hair and Scalp Treatment was first successfully prepared for Home Use.

"The formula under which this Hair Tonic was made was tested and improved for over thirty-five years before a bottle was sold through the stores."

"For over thirty-five years this Tonic has been used in the enormous practice of John H. Woodbury's Dermatological Institute."

"Millions of cases were treated, and after their cure the patients continued the use of this Tonic as a delightful refreshment to the scalp."

If you don't see Woodbury's face on the label it's an imitation.

and to keep the hair soft, rich and glossy."

"This necessarily meant repeated calls at the Woodbury Institute, often at the inconvenience of patients living at a distance."

"To supply this demand, and the growing call from those who had not been treated, for a Hair Tonic which was scientifically successful (not a mere commercial product) this Tonic has now been put on the market and can hereafter be had from all reputable dealers."

Now, right in your own home, you can use the preparations formerly supplied only to office patients of the Institute. No other preparations for the Hair and Scalp are backed up by the same unlimited experience. No others give such quick and such satisfactory results.

Woodbury's Hair Tonic saves the hair when all other preparations fail. It prevents dandruff; stops falling hair, and instantly relieves itching scalp. It restores the lustre to the hair; preserves its natural color; increases its vitality and makes it beautiful and abundant.

## Everyone Endorses Woodbury's

### Hair Now Growing Nicely.

My hair stopped falling out just as soon as I used the Woodbury's Scalp Cream in conjunction with the Scalp Cleaner. Its action was just like magic. The thick greasy dandruff is all gone. My hair is growing nicely and taking on a new growth. Your Hair Tonic I use night and morning, and it is the nicest hair dressing I have ever used. Thanking you for the letters of advice, I remain,

Sincerely yours,

Mrs. JOHN F. HOWSON,

490 Quincy Street, Brooklyn.

### This Specialist Uses Woodbury's

After ten years of careful study, and close observation of all conditions of the hair and scalp, I find the Woodbury method of treatment most successful of all. It is based on the most correct scientific principles. In cases of scalp disease the Woodbury preparations go right to the root of the trouble, and their curative and stimulating properties are remarkable. Am now using them exclusively in my office and the results obtained are most satisfactory.

Hair and Scalp Specialist,

Monahan Building, New York City

### Quick Results Pleased Him.

The dandruff and itching scalp were terrible and my hair was thinning out over the temples and at the back of my head at an alarming rate. Nothing seemed to help until I used the Woodbury remedies, but good results were then noticed from the start, and in a few days the dandruff was entirely gone and new hairs began to show. What pleased me most was that results were so quick. The Woodbury Hair and Scalp Remedies certainly make the hair grow.

Yours very truly,

## I Wonder If They're True to Me?

The great Sailor Song, written and composed by NORA BAYES, and featured by JACK NORWORTH in Vaudeville

Tempo di Valse.

1. All the poets may rave Of a life on the wave, But it's finer by far on the shore..... If I  
2. In each song of the sea, They all tell you that we Have a girl in each port so di-vine..... But I

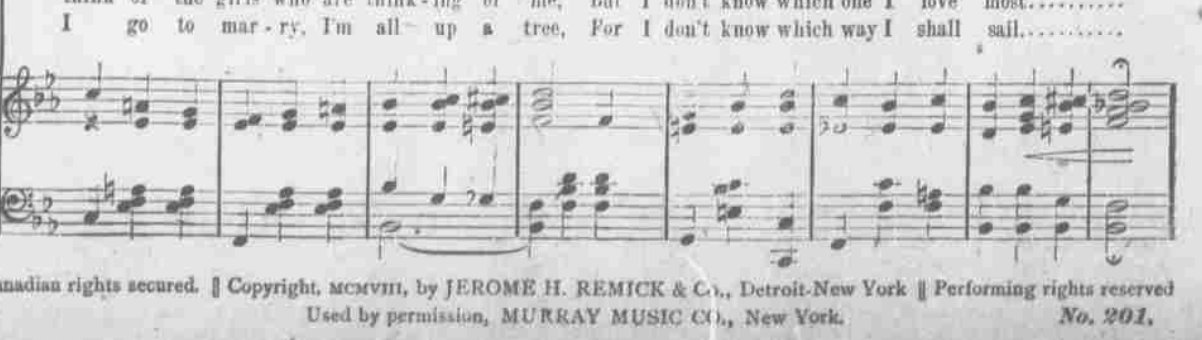

ev-er get back, Here is one Jol-ly Jack, Who will not go to sea an-y more..... For I've  
hope I may die, If it is - nt, a lie. For in some ports we have eight or nine..... But I've

seen all the sights, Now I spend drear-y nights, As I pace up and down at my post..... And I  
made up my mind, If I on-ly can find The real girl-ie, I'll wed with-out fail..... But when

think of the girls who are think-ing of me, But I don't know which one I love most.....  
I go to mar-ry, I'm all-up a tree, For I don't know which way I shall sail.....

## BASE BALL

Celina will go to Dayton Sunday, where they will play the fast Dayton Lilly Breds, the fastest aggregation in the Gem City outside the American Association team. The game will be played on the Lilly Breds' private park, the largest in Dayton. The team will be strengthened in some quarters for the Dayton game, George Meyers being scheduled to do the twirling with Ellis and Fredericks in reserve. McComb will occupy the usual place at the receiving end, George Yeager, an old time fan, will cover the initial sack. Ellis will take Chas. Myers' place at Short the latter going to center field. Fredericks will take Schellch's place in the left garden and Butris will move over into the right garden. Newcomb going to the bench.

The fast New Bremen club will play the Celina second team, Merrells, at the Merrells Park Sunday afternoon. The game will be called at 2:30. Nichols or Betz will do the pitching for the local club, with Miller behind the bat. New Bremen has not lost a game this season, and is trimmed Coldwater to the tune of 31 to 3.

In a fast contest, which took only an hour and fifteen minutes to finish, Celina won from the Lima Stars last Sunday afternoon, when by playing the hit and run game, with the bases full in the third inning, they forced in four runs. The visitors opened up strong in several innings, but Ellis pulled out of bad holes and only three runs scored. They filled the bases in the opening inning with only one man out, but it didn't count anything. Again in the second they got a single followed by a two-bagger, but it didn't net anything, as the first man was thrown out. With two men down in the third they got the boys looking for Halley's Comet and scored two runs. Monroe singled to right and second, second McComb to left, second Myers let it go through him to the outfield. The runner went to third, where he might have been held had not Burris went to sleep after he got the ball in center. Workman then singled to center and E. Smith got one for two. A hit and an error by Newcomb on a deep fly in right in the next inning, with two men down, gave the visitors another one. That was all.

Celina scored their first in the second. Betz sent one to deep left for two bases. He was sacrificed to third by Ellis and scored when Wenning hit a slow one to short.

In the third after the visitors had taken a lead of one run, the Kids won the game. Newcomb was hit in the ribs. Schellch followed with a clean single to center and side second. McComb laid a slow one in the diamond. The throw home to catch Newcomb was too slow and everybody was safe. Burris played the same trick and Schellch scored. Myers tried the game but the visitors let McComb come home and got Myers at first. Betz singled to center and Burris scored. Ellis again tried to sacrifice, but popped up a little fly to Smith. Wenning done the same trick. The boys got one more in the fifth. McComb started it off with one for two bases to left. Burris singled to right and McComb scored. Burris killed himself by attempting to steal third. He was boxed up and sent to the club house. In the seventh the boys got their final score. Newcomb was safe on a fumble by Smith at short. Schellch sacrificed him to second. McComb played the trick again, and put Schellch on third, from where he scored on Burris' single to right. The score:
